Special requests (space, equipment, tools, etc.):

Please see the vendor information form for all event day details.

Raffle Items and Booth Activities

We have found from past experience that offering a raffle item at each individual booth will generate traffic and interest to your table. This is also a great way to build your clientele by collecting names, phone numbers and/or email addresses. If you have any questions about raffle items please feel free to contact us. Remember this is an event for children. Having an activity geared towards children and families will spike interest in your booth. Good luck and have FUN!

Please let us know the item you will be raffling off at your booth. _____

Payment: \$125 Donation to **Phoenix Children's Hospital** enclosed- Check # _____ or Cash _____
